* = Envision Central Texas Board Member
□ = Greater Austin-San Antonio Corridor Council Board Member

Keynote Speaker Robert J. Grow

Robert J. Grow

Robert J. Grow holds degrees in engineering and law and has had a diverse career, including practicing law, being president of a large manufacturing company, chairing a national trade association, and being recognized as Utah's entrepreneur of the year.

Robert Grow is founding chair emeritus of Envision Utah, a private/public quality growth partnership founded in 1997. Envision Utah is widely recognized as one of the country's most successful public involvement efforts for the development of a broad-based, long-term growth strategy for a major metropolitan area. As a model for regional visioning efforts nationwide, Envision Utah has been recognized with the Urban Land Institute's Award for Excellence, the Alliance for Regional Stewardship's Gold Recognition Award, and the American Planning Association's Daniel Burnham Award. Envision Central Texas is modeled after Envision Utah.

For his role in helping shape the strategy for the Salt Lake region's future transportation system, Grow received the American Public Transportation Association's (APTA) Distinguished Service Award in October 2003.

Robert Grow is presently Senior Counsel with the law firm O'Melveny & Myers LLP resident in Salt Lake City, Utah. O'Melveny & Myers is a 900-lawyer, Los Angeles-based law firm with a worldwide presence. Grow specializes in land use planning and zoning, real estate development, regional visioning and growth planning, and environmental law. O'Melveny & Myers is development and entitlement counsel for a new 93,000 acre master-planned community in the Salt Lake Valley.

Envision Central Texas

Our Mission

The mission of Envision Central Texas is to assist in the public development and implementation of a regional vision addressing the growth of Central Texas, with an emphasis on land use, transportation and the environment. By working with the people of Central Texas to build a consensus, we can preserve and enhance our region's quality of life, natural resources, and economic prosperity. Envision Central Texas is a non-profit organization composed of concerned citizens – representing the business community, environmental organizations, neighborhoods and policy makers – who share the common goal of addressing growth with sound planning that has the interests of the region's existing and future citizens in mind. The organization has no regulatory powers and does not seek to forcibly impose a plan on the region or its local governments. Instead, Envision Central Texas's mission is to work cooperatively and in partnership with all entities and individuals to help guide the region toward a common vision for the future. Please visit our website at <http://www.envisioncentraltexas.org>.

Key Elements of the Vision

- An effective transportation system that improves mobility throughout the region, increases choices of how we get around – including roads, rail, trails and bikeways – and is coordinated with land use planning.
- Protection of our environment and natural resources so we will have the open space, parks and trails that people cherish, preserve our ecologically sensitive land and ensure sustainable clean water and air for future generations.
- A diverse and thriving economy with a robust base of businesses throughout the region and quality job opportunities for our citizens.
- A variety of housing choices that are affordable for everyone in the region and offer a mix of styles, such as neighborhoods with pedestrian-friendly streets or housing within walking distance of transit and stores.
- Preservation of our region's unique character by protecting and enhancing our neighborhoods, towns, rural areas, historic sites and special sense of place.
- An understanding that social equity and racial harmony are core values that strengthen us and actions that foster respect, civility, and opportunities for all.
- A region-wide understanding that our fortunes are tied together requiring planning, participation and collaboration by stakeholders throughout our region to ensure a successful and livable Central Texas in the future.
